The Story:

1 Kings 17:1-16

Important Considerations About This Text:

1. This woman needed a miracle _____.
2. It is very possible that the widow _____ the prophet needed a miracle.
3. The widow woman may not have even known that God had _____ her to be a part of the miracle for the prophet.
4. God doesn't consider this woman's socio-economic class for her _____ to be a part of someone else's miracle.
5. God cared for the widow woman _____ as for His prophet - God just took care of them differently.

****We can't judge our potential to be a miracle based upon what we have, but rather on the _____ we have and our level of _____.**

Important Thoughts On Obedience:

Comfort is a stance of avoidance rather than the pursuit of excellence. -Craig D. Lounsbrough

• Obedience doesn't take _____, just desire and a _____ heart.

• If the devil knows that all he needs to do to stop our obedience to God is to make things hard and/or uncomfortable, we will be _____ and consistently _____ from doing the will of God

****You are well-qualified to be a part of someone else's miracle!**

1 Corinthians 1:26–29 NKJV

You Are Thoroughly Equipped:

2 Timothy 3:16–17 NKJV

¹⁶ All Scripture *is* given by inspiration of God, and *is* profitable for doctrine, for reproof, for correction, for instruction in righteousness, ¹⁷ that **the man of God may be complete, thoroughly equipped for every good work.**

Just One Thing:

You are positioned to be a part of someone else's miracle. Will you _____ God to use you this week?

Discussion Questions:

1. What is the 1 thing you would like people to most know about you? Please tell that. (BTW, we are going to assume that you Love Jesus, so please choose something else)

2. Have you ever had someone be a part of a miracle in your life (& possibly they never even knew how big of a role they were in that miracle)? Tell the story briefly.

3. Read 1 Samuel 15:22 & share what this scripture means to you regarding what God desires from us.

4. What aspect of obedience to God is most difficult for you? If you know why that is, please take a risk and share it.
